Groveland Supervisor

As we head into the end of summer and beginning of fall, it is a great time to appreciate our great Town. I hope everyone has been able to soak in all that Groveland has to offer whether it is the local community events held by the fire department and churches or utilizing our recently updated playground and Ambuscade park/pavilion.

A few items I would like to touch upon:

Water District #1

The Town has been notified that Morsch Pipeline will begin the water project work mid October. For the residents that will be receiving water from this project there will be a meeting on Wednesday, October 22nd from 5-7. This will be for the permits to be signed and for the residents to ask any questions they might have.

The Planning and Zoning Boards are each looking to fill one vacancy. The Planning Board meets on the fourth Monday of every month at 7:30PM. The Zoning Board meets on an as needed basis on the third Monday at 7:00PM. Neither board meets in December.

If you are interested in being a part of the Groveland Planning or Zoning Board, please contact the Town Clerk's office for details at either (585)243-1750 ext. 100 or by email at townclerk@grovelandny.org

Water fill station is available here at the Town hall \$0.25 for 50 gallons of water.

dog's license and rabies certificate on your phone and having it with you while traveling with your dog as a preventative measure in case your animal comes in contact with another animal that may have been exposed to rabies. Remember, dogs over 4 months of age are to be licensed in the town. Stop by and see Keitha or I if you have any questions regarding licensing your dog.

The town clerk's office is the central hub for town government. A lot of information may be acquired on the town's website at www.grovelandny.org. Should you have any questions regarding the website or how to find something on the website, please call us. We are here to help.

Use of the Geneseo Transfer Station is allowed by Town of Groveland residents only if you have purchased the necessary annual residency sticker. You must purchase the sticker at the Town of Groveland Clerk's office for \$45.00 annually. There is a punch card for disposal of garbage as well that can be purchased here at our office for a \$20.00 fee for 20 punches on the card. The transfer station has a price list for cost/punches of items to dispose of. This is also available for review on the town's website. Our office is open Monday through Friday but our office hours vary, please check the website or call to ensure we are here before stopping by. We do our best to keep all office hours and unexpected closures updated on both the website and phone; however, if you do need after business hours, please contact the office and we can work something out. I am also available by email for questions at townclerk@grovelandny.org.

My best to all,

Groveland Highway Department

I would like to take the time to thank the highway employees for the great job they did maintaining safe roads this past winter. The town has had many complements. A big thank you for those that worked cleaning up after the flood. A reminder to home owners: if you feel there is a problem with the ditching in your area, please do not take it upon yourself to try to divert the water. Let the highway department come and check it out. Please be mindful of those working on the road, slow down, go around, pay attention, especially to the road side mower. Thank you to the community for your patients as we continue to work.
Feel free to contact me at 585-549-6460 with any questions or concerns.

Greetings from the Code Office. I hope everyone is handling the
wet spring/early summer, and dry summer weather well.

Here is some basic information about building permits:

-Building permits are required for sheds/outbuildings that are
144 square foot or larger. Zoning applications may be required
for smaller buildings to make sure lot coverage is not exceeding
allowable amounts.

-In the Town of Groveland, the minimum square footage of a
single-story house is 900 square feet. Anything below that
square footage would require an area variance to be filed for and
approved.

-Permits are required for interior work done that includes
changes with plumbing and/or electric.

The Town website has a lot of information regarding Zoning and
Planning. If you do not find the information you are looking for
there, please feel free to contact me or my office. It would be
better to know specifications before performing any work than
risk getting fined for improper work done or work without
permits.

Remember to keep checking smoke and CO detectors regularly.

Groveland Assessor

I hope everyone is enjoying their summer! Another year is
almost complete and with that the final roll is now available. A
hard copy is available at the town offices but can also be viewed
online at: www.livingstoncounty.us/1573/2025-assessmen-rolls.
This upcoming year will also mark four years since the last town
wide reassessment and I will be working on that throughout the
summer and fall. Additional information about the revaluation
process can be found at the Livingston County website within the
Real Property tab under Reassessment. If you have questions
about the revaluation process, please feel free to give me a call
at 243-1750 Ex. 108 or by email at assessor@grovelandny.org.

have the playground in place. It has been a wet pieve of property over the years so we are tiling it from the basketball court to the road. We have put a new basketball back board and rim up, and have also added two soccer goals. We have ordered material to put up a picnic pavilion. We would like to thank the community for their support both with their labor and monetary support during our upgrades.

We are always inviting new members into the department. You can get an application from any member or stop in at 7428 Groveland Station Road where our meetings are held on the second Tuesday of the month at 7:00PM.
