

# Gypsy moths are invading. What to do? How to do it.

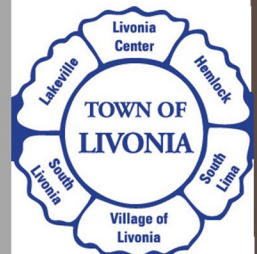

Gypsy moths arrived this summer along with many questions on how to resist the invasion. You'll hear Noreen Riordan, a certified arborist, discuss preventative measures to protect your trees from invaders. Patti LaVigne from the Town of Geneseo, will discuss efforts in Long Point Park using a variety of barrier methods. Brice June, a senior forester with the DEC will discuss chemical and other treatment options. Sign up to attend today.
