REQUEST FOR DISPOSAL OF WASTE MATERIAL ON PRIVATE LANDS & RELEASE OF LIABILITY**Town of Groveland Disposal of Waste Material Statement**

The Town of Groveland has unneeded waste material (spoil) from construction, repair, maintenance, or other work on a local road. There is no location within a reasonable haul distance to where the material can be used to advantage within the right-of-way limits of a local road. The disposal of this unneeded waste material on private property does not incur any additional cost to the Town of Groveland. The site described below has been evaluated and found to be acceptable for disposal of spoil and its use will be in compliance with Town ethics policy. The material being disposed of on your property is from ditching operations done by the Town of Groveland. The town has no knowledge as to what may be in this material. No testing has been done to this material. You are accepting this, and waiving any right against the Town of Groveland and future actions. You are taking this material as is, and without any assurance or warranty from the Town of Groveland.

Permission To Dispose of Waste Material on Private Property

Disposal Site Location _____

Dates _____ Unlimited _____

Name of property owner _____

Road name _____

House number _____

Direction and distance from nearest intersection _____

I, the undersigned owner of the above property, do hereby state that I am requesting and willing to accept disposed waste material (spoil) from the Town of Groveland Highway Department road work operations and hereby release the Town of Groveland from any claims for damages from placement of such material on my property. All operations for the grading of this material other than dumping from construction equipment or trucks are my responsibility and will not be performed by the Town of Groveland employees. It is my responsibility to inform the Town of Groveland of any buried facilities that could be damaged by this operation and to designate a path for access across the property. It is also my responsibility to acquire any and all necessary permits associated with the use of the waste material including to those issued by NYSDEC and/or other State and Federal regulations governing wetlands, and to use this material in compliance with any local codes and local laws.
